NOTICE FOR E-LIBRARY ACCOUNT

It is very pleased to inform that Central Library is going to start e-Library facility for library members with knimbus. Though previously Central Library has e-library services, it is upgraded to the next level. So the members are requested to sign up for their new e-Library account.

Sign-up is very simple

For CIT members:
- Access url: https://citko.new.knimbus.com/user#/home
- Use your CIT email-account (Who does not have CIT email, get your email first and then sign-up).
- Go through e-Library guide (attached below).

For Guest members:
- Access url: https://citko.new.knimbus.com/user#/home
- Use your valid email account and also sent a proof of library membership via email: citlibrary@cit.ac.in. Then only the account will be accepted.
- Go through e-Library guide (attached below).

For any help:
1. Consult with Biswajit Paul, LIA, Central Library
2. Write an email to citlibrary@cit.ac.in

With Regards,
Central Library
CIT Kokrajhar
The below table reflects the difference between old and new version of Knimbus.

- **Active feature**
- **Feature under maintenance.**
- **Feature not available.**
- **Upgraded feature**
- **Feature dropped.**

REMOTE ACCESS

To access the resources subscribed by your library outside your campus network, please configure the browser settings first. These browser settings route all the full text requests from Knimbus to publisher through a proxy server set up for your organization. The process of configuring your browser is given below:

1. Click on the Firefox menu tab and then click options OR from Firefox menu bar: Tools > Options

2. Click the advanced icon and then click on the network tab.

3. In the connection area, click settings to bring up the connection settings window.

4. Select automatic proxy configuration URL. Copy and paste the following given URL in the box below. (This URL must be copied exactly with no spaces).
   
   http://nitcc.new.knimbus.com/ws/raPacFile?userId=mrinalini.aggarwal_knimbus.com

5. Click OK, then close all configuration windows.

6. Save and restart the browser.

Note: In Linux (Ubuntu) Firefox options is called preferences and is located in the edit menu.

Step by step instructions to setup remote access
